GUNBOAT CAPTURED

And Looted By Filipinos.

Three Guns Were Carried Away.

And the Crew are Either Prisoners or Killed.

By Associated Press to the Journal.

MANILA, Sept. 25.—It is reported the insurgent have captured the United States gunboat Urbaneta, in the Orani river on the northwest side of Manila bay, where she was patrolling. One officer and nine of his crew are missing.

The Gunboat was sent to investigate, returned and reported the Urbaneta beached opposite the town of Orani on the Orani river. She was burned and the following guns with their ammunition were captured. A one pounder, one Colt automatic gun and one Nordenfeldt, 25 millimetre gun. The crew of the Urbaneta are prisoners or have been killed. Further details are lacking.

Commanded by an Oregon Boy.

WASHINGTON, Sept. 25.—The gunboat Urbaneta, which was captured with her crew, is a little craft of only 40 tons displacement. She was captured by the navy early in the war and has been on police duty in the bay for months past.

The records of the navy department show that she was supposed to draw all her supplies from the battleship, to be named from the Oregon's crew and to act under instructions of the Oregon's commander.

According to the last reports the little boat May was under command of Naval Cadet C. Wood, but the personnel of crew is not a matter of record, being subject to frequent change.

Cadet Wood was appointed to the naval academy from Oregon, and has passed his academic course and was performing sea service at the time of her capture.

Account of the Battle.

MANILA, Sept. 25 21:30 p. m.—The cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with the marines and blue-jackets from the cruiser Baltimore, left Cavite September 19, and, as already cabled, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to the bad weather, the operation was postponed until Saturday, when the warships for three hours bombarded the town of Olangapo, the entrenched positions where the gun was situated.

Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by gunboat, and then returned to the warships. The Americans had one man wounded during the engagement.

The Insurgent Gun.

New York, Sept.—A special to the Herald from Washington says: The 16 centimetre Krupp gun, destroyed in the insurgent trenches at Olangapo, Subig Bay, Saturday is one of the guns sent to the place by the Spanish, before the battle at Manila bay. It was thought during war time that the insurgents had secured the gun from some European country.

Subig bay is the most important port in the Island of Luzon, in the neighborhood of Manila. It is expected that it will be held permanently by the navy, so as to afford a base of operations against the insurgents in that neighborhood.

News From Otis.

WASHINGTON, Sept. 25.—Two important dispatches from Otis at Manila, were made public today by the war department. They are as follows:

"Gen. Hughes, at Ilo Ilo, reports that Gen. Lopez and 64 armed men had surrendered to Gen. Barnes, at Castellano, Negros. There will be an election in that Island on October 2. We have sought a conference, with the chief of the insurgents at Panay Island, who wished to know what promise could be given them, in case of formal submission. He was told that no answer was possible until they surrender and their force is disbanded. Otis."

Gen. Bates returned from Jolo on Sept 21st, having placed garrison at Siasi and Bungam, on the Twaill group, one company in each place. Affairs in the archipelago are satisfactory. General Bates saw the chief of insurgents, at Zamboanga, who is still anxious to receive a United States garrison on condition of withdrawal should Aguinaldo succeed in Luzon. The proposition was not entertained. Zamboanga is having trouble with more Dalos in the vicinity, who have raised the United States flag.

Dato Cagayan of the Zulu island visited Jolo, and gave adhesion and desired to raise the American flag instead of the Spanish flag on the island. The American flag will be raised there after six months notice in order to establish, in the archipelago customs regulations under the protocol, between Spain, Germany and Great Britain, of 1885.

Can't Get Possession.

The State Failed on the Oregon Asylum Site.

Gov. Geer started today for Union county, to look up the matter of gaining possession of the state land known as the Eastern Oregon Asylum site. It will be remembered that the state paid about \$30,000 for this property, and then leased it to Turner Oliver for the season for \$750, but as the whole deal was a swindle from the start, and the supreme court of Oregon discontinued the title, the original owner, M. S. Warren, C. E. Davis, and two others, now decline to give it up. Gov. Geer is a Union county man and an old acquaintance of the Mr. Wright who sold the land to the state, it is thought he can adjust the matter satisfactorily.
